## AIR PURIFIER SERIES

Good indoor air improves comfort,  
whether you are at home or at work.

LA300

LA500

Our efficient and quiet air purifiers from LA300 and LA500 series meet all your clean air needs. The Scandinavian, space-saving design is a good fit for any interior.

The indoor air we breathe is often more polluted than the air outdoors and has dangerous amounts of invisible harmful particles. Especially if you have pets or suffer from allergies, a powerful air purifier is an investment into your wellbeing and good health. In addition to HEPA filter, LA300 and LA500 series feature the best in class gas and odor filtration. Choose the right size air purifier depending on the size of your room and begin enjoying the cleanest air on the market.

– Responsible For Every Breath –

Simple to use with touch control.

Fresh air with the best in class HEPA filter with gas and odour filters.
